

The Leibniz ScienceCampus »Eastern Europe – Global Area« (EEGA) is committed to developing new research perspectives on Eastern Europe, engaging in knowledge exchange activities on the region with stakeholders, and promoting young researchers. It follows the idea that the multi-disciplinary and multi-faceted examination of processes of globalisation are a key for a better understanding of societal developments. The focus is on Eastern Europe's diverse, tension-filled, and sometimes paradoxical globalisation projects »from within« and »from the outside«, and thus, on the self-positioning of Eastern European societies under the global condition.

EEGA brings together interdisciplinary knowledge and expertise from researchers affiliated with universities and research institutes in Leipzig, Jena and Halle. Together with partners from the region, EEGA explores the fields of migration and mobilities, business strategies and political economies, cultural and intellectual perspectives and identities, and political integration in a changing global arena. Overcoming prejudices and clichés, some of which are rooted in the era of the Cold War, and promoting an informed understanding of Eastern Europe in its diverse traditions and positions, developments and internal dynamics are the primary mission.

The implementation of the project was made possible with funds from the funding line strategic networking of the Leibniz competition within the framework of a Leibniz ScienceCampus.

Eastern Europe – Global Area

Colloquium

Summer Term 2024

The Leibniz ScienceCampus "Eastern Europe – Global Area" (EEGA) organises a Colloquium for researchers, students and interested guests involved in the fields of Global, Transregional and Eastern European Studies, and neighbouring disciplines. The Colloquium serves as a hub and melting pot for research in Leipzig, Halle and Jena, crossing borders and strengthening the network between the various academic and research institutions in the region. In the Colloquium, researchers from EEGA's partners, EEGA's Research Areas and holders of the EEGA Fellowship enjoy the limelight of an expert forum to present and discuss activities, projects, and strategies.

Registration

The Colloquium incorporates events at EEGA's partner institutions, thus offering a forum with a broader audience and building up momentum for development and outreach within an overarching framework. Please be our guest and contribute.

Most of the EEGA Colloquium events will be held online. For more information on the format, online access and venues, please see our website: <https://www.leibniz-eeega.de/events/eeega-colloquium/>. To register, please send an e-mail to leibniz-eeega@leibniz-ifl.de with the title of the event, your name, institution and your email address. For some events, additional registration with the host institution is required.

PROGRAMME SUMMER TERM 2024

17.04., 2.00 – 3.30 pm – online
